Amendments to the Specification:

Please amend the title of the application as set forth on page 1 of the specification to read as follows:

DEVICES AND METHODS FOR RECORDING OF INFORMATION USING USER
DEFINED SUB-IMAGES

Please insert the following paragraph after the title on page 1 of the specification:

Q1 This application claims the benefit of U.S. Provisional
Application No. 60/091,324, filed June 30, 1998.

Please add the following abstract on a separate sheet (see Exhibit A):

ABSTRACT OF THE DISCLOSURE

A2 A device for recording information has a sensor (8) for
recording a primary image of the information, a display (25) for
showing a secondary image which constitutes at least part of the
primary image, and control means (20, 27), with the aid of which a
user can define on which sub-image of the primary image an
operation is to be performed. Methods of recording information are
also disclosed.
